EDUCATION

GEORGIA INSTITUTE OF TECHNOLOGY, Scheller College of Business

Atlanta, GA

Master of Science, Major in Management

May 2027

- Relevant Coursework: Operations Strategy, Project Management

GEORGIA STATE UNIVERSITY, College of Arts and Sciences

Atlanta, GA

Bachelor of Science, Major in Computer Science

May 2025

- Concentration: Data Science

GPA: 3.5/4.0

EXPERIENCE

FIS (Fidelity National Information Services)

Atlanta, GA

Professional Services Engineer I

Jun 2025-Aug 2026

- Designed a reusable Model Bank framework that replaced custom build work with standardized product configurations, cutting time to demo and giving presales a repeatable path to onboard prospective clients
- Supported requirements gathering for 2 prospective client demos, authoring 5 specification documents and building a Power Apps intake tool that exported client data via Excel for system import, aligning BAs, developers, and sales on scope and timeline
- Performed root cause analysis on 20 recurring core banking incidents for Barclays and shipped 5 MUMPS and PSL fixes to production, cutting the typical fix cycle from 3 days to 1.5 days
- Triaged and resolved 50+ client reported defects over 6 months (~3 per week) with an average turnaround of 2 to 3 days, coordinating between client stakeholders and FIS engineering on status, priorities, and trade offs
- Documented recurring issue patterns and resolution playbooks in an internal knowledge base, standardizing the support process and cutting response time for known incidents by an estimated 30%

WELLS FARGO

Tucker, GA

Teller

Feb 2024-May 2025

- Processed 100+ transactions and ~\$30K in cash daily, passing all audits and maintaining a 98% all time drawer accuracy in compliance with banking regulations and internal controls
- Led the branch in digital enrollment, converting 10+ customers per week to mobile and online banking by coaching elderly and tech hesitant customers on ATMs, mobile deposit, and the Wells Fargo app
- Referred 10 to 15 customers daily to bankers for new accounts and products, and completed 80%+ of system prompted product conversations, well above branch expectations
- Resolved customer inquiries and account issues at the counter, becoming a trusted point of contact for repeat customers in the local community

LEADERSHIP AND ACTIVITIES

- Lead and organizer, FIS University Social Committee (Little Rock campus): planned and ran 10+ events for a 20 person cohort on a \$250 monthly budget with a 2 person team, including trivia coffee socials, lunch outings, ping pong and pickleball tournaments, and raffles in partnership with the campus manager
- Founder, Tennis by Evan: launched a racquet stringing business that reached 20+ customers and 35+ racquets strung in its first 2 months with a 24 hour turnaround, acquiring ~90% of customers through Facebook Marketplace and groups and 25% returning for repeat service; built the React, FastAPI, and PostgreSQL booking platform
- Member, Technology Club, Georgia Tech Scheller College of Business
- Family restaurant: help operate my family's Chinese buffet in Athens, TN, handling customer service and day to day operations
